CONSTITUTION.

ARTICLE I.—NAME.

SECTION 1. This Society shall be called the ROYAL AGRICULTURAL AND INDUSTRIAL SOCIETY OF BRITISH COLUMBIA.

ARTICLE II.—OBJECT.

SECTION 1. The purpose of this Society shall be to encourage the cultivation of the soil and the general development of all the agricultural resources of the Province.

SECTION 2. To foster every branch of mechanical and household arts calculated to increase the happiness of home life.

SECTION 3. To extend and facilitate the various branches of mining and mining interests.

ARTICLE III.—MEMBERSHIP.

SECTION 1. Any person may become a member by the payment of an annual fee of three dollars, which shall also entitle members to compete for any prizes of the Society without any charge as entrance fees.

SECTION 2. The names of all members shall be registered in a book kept by the Secretary for that purpose.

SECTION 3. Any person may become a member for life by the payment of twenty-five dollars.

SECTION 4. Any person being a member of this Society shall be eligible to office, entitled to vote, receive a printed copy of the constitution and such other matter as the Society shall publish, and have free admission to all exhibitions of the Society.

ARTICLE IV.—OFFICERS.

SECTION 1. The Officers and Directors of this Society shall consist of a President, two Vice-Presidents, Secretary, Treasurer, and thirty directors, who shall constitute a Board of Managers.

SECTION 2. The Officers and Directors shall hold office for one year, and shall be elected by ballot at the Annual Meeting of the Society.

SECTION 3. Each candidate for election must have, at least, a majority of the votes cast.

SECTION 4. At any meeting of the Officers and Directors five shall constitute a quorum to transact business.

THE DUTIES OF PRESIDENT.

SECTION 5. The President shall preside at all meetings of the Society, and shall, at the request of five members of the Board of Managers, call special meetings; shall appoint all committees not otherwise ordered; shall vote only at the election of officers and in case of a tie; and shall sign all financial and official documents or papers emanating from the Secretary and not otherwise provided for; and shall have a general supervision of all matters pertaining to the interests of the Society.

HIRD THE TAILOR, LIBRARY BUILDING.

-5-

In the absence of the President and Vice-Presidents the Society may choose a Chairman, *viva voce*, unless voting by ballot be requested by two or more members.

DUTIES OF SECRETARY.

SECTION 6. The Secretary shall conduct the correspondence of the Society, keeping in a separate book copies of all letters in the name and on behalf of the Society, holding the same free to the inspection of any member of the Society at any regular meeting of the same.

He shall receive and file all letters addressed to the Society, holding the same subject to the Board of Managers.

He shall attend all meetings of the Society and the Board, keeping a full record of all the doings of each in a separate book, and shall, if required, furnish a copy of such proceedings for publication.

He shall prepare and publish all notices of meetings, prepare and sign all gratuitous or complimentary cards or tickets of admission, countersign all diplomas, certificates of merit, etc., awarded by the Society, and forward the same to their respective claimants.

He shall keep the seal and all plates, dies, engravings, etc., belonging to the Society, and shall cause to be struck therefrom such medals and impressions as may from time to time be required.

He shall have charge of all specimens, moulds, plates, seals, books, etc., arrange, prepare or distribute the same under the direction of the Board.

He shall receive all moneys due or payable to the Society and pay the same over to the Treasurer, taking his receipt for the same; shall hold all bonds filed by the officers for the faithful performance of their duties, and all vouchers for every class of expenditures.

He shall countersign all drafts ordered by the Board of Managers or Finance Committee, and record the names of life and annual members in a book, kept for that purpose, in alphabetical order; and shall, at the annual meeting of each year, prepare a tabular statement of the receipts and expenditures of the Society, and place the same in the hands of the Committee on Printing for publication or not, as may be deemed best; and when required present the same to the Board of Managers.

He shall prepare all reports to be made by the Board to the Society, and perform such other duties as the Society or the Board of Managers may require, and for his services he shall receive such compensation as the Board shall decide to pay.

DUTIES OF TREASURER.

SECTION 7. The Treasurer shall receipt for all moneys received from the hands of the Secretary or any other person; shall disburse the same when audited and allowed by the Finance Committee or on an order from the Secretary.

But this provision shall not apply in the payment of premiums on the fair grounds, but he may there pay demands against the Society when satisfied of their justice.

He shall hold in trust all bonds, notes, deeds, or other evidence of debt or possession belonging to the Society, and shall transfer, invest or dispose of the same only by direction of the Society or by written order of the Board.

-7-

He shall, before entering upon the duties of his office, file with the Secretary a bond for the faithful performance of his duty, said bond to be approved by the Board.

He shall, at each annual meeting, make the Board of Managers a detailed report of all his doings during the year, for such service he shall receive such compensation as the Board shall from time to time decide to pay.

ARTICLE V.—BOARD OF MANAGERS.

SECTION 1. The Board of Managers shall have the general management of the affairs of the Society in the interim of all annual meetings.

SECTION 2. They shall fill vacancies occurring between elections and make the necessary arrangements and preparations for all meetings, fairs, exhibitions, etc.

SECTION 3. The Board shall also have power to make its own by-laws (not inconsistent with the constitution) and arrange the time and place of holding its own meetings.

ARTICLE VI.—EXHIBITIONS.

SECTION 1. The Society shall hold an Annual Fair and Cattle Show at such times and places as shall be agreed upon by the members of the Society at the annual meeting.

ARTICLE VII.—MEETINGS.

SECTION 1. The annual meeting for the election of officers shall be held on the exhibition ground during one of the days of the show; notice of time and place shall be given by the Board of Managers on the first day of the show.

SECTION 2. No special meeting will be called by the Society but upon fourteen days' notice, given and published in some newspaper in the Province, nor without a request signed by at least ten members.

SECTION 3. It shall not be admissable for any member to vote by proxy in any meeting of this Society, or at its Board of Managers.

SECTION 4. At any meeting of this Society ten members shall constitute a quorum.

ARTICLE VIII.—OFFICE AND ROOMS.

SECTION 1. The offices of this Society shall be located at the place where the fair is to be held.

ARTICLE IX.—AMENDMENTS.

Amendments must be presented in writing at an annual meeting, when, if agreed to by three-fourths of the members present, shall be adopted.

GENERAL RULES AND REGULATIONS.

INFORMATION FOR EXHIBITORS.

Exhibitors will please read the following rules carefully and send in their entries as early as possible, and be sure that all fees accompany the same.

On Saturday and Monday, the 23rd and 25th of September, the grounds and buildings will be open to exhibitors and their assistants from 9 a. m. to 6 p. m. These are preparation days and all exhibits required to be on the grounds the full term of the exhibition must be in place and ready for exhibition by 12 noon, on Tuesday, 26th September.

The exhibition will be open to the public on Wednesday, the 27th September, at 9 a.m., and will continue open on Thursday and Friday from 9 a.m. to 6 p.m., except on Friday, when 5 o'clock shall be the hour for closing. The exhibition will be considered officially closed at 5 p.m. on Friday, the 29th September, after which exhibitors may move all their property from the grounds and buildings. No removals will, under any circumstances, be allowed before 4 p. m. for stock and 5 p. m. for other articles.

Necessary attendants upon stock and machinery will be furnished with special passes on applying at the Secretary's office on the grounds upon payment of fifty cents. These passes will bear the name of the person to whom they are issued, and if presented by any other person will be forfeited.

Any more than one attendant's ticket will not be issued to any exhibitor except in the case of live stock or machinery, which may require extra attendants. As these tickets are positively not transferable under any circumstances, exhibitors who may desire to change their attendants must have their tickets exchanged at the office, for which a charge of fifty cents will be made. The names of all attendants must be written on the tickets, and no ticket will be accepted at the gates unless the name of such attendant has been written thereon in ink. Attendants' tickets will only be good at attendants' gate.

The entry tickets upon animals or articles will admit the person bringing them to the show ground for exhibition, when accompanying such articles or animals on their first entering, without the use of any other ticket; but afterwards such person must be provided with the regular pass as above or he will have to pay the regular admission fee.

Judges and members of the press will be furnished with badges, this being intended only as a means of showing their official connection with the exhibition, and not for the purpose of securing admission to the grounds.

ENTRIES.

All entries must be made on the printed forms accompanying the Prize List. The forms are to be filled up and signed by the exhibitor, and sent to the Secretary of the Association at New Westminster on or before the following date, viz. Monday, September 18th, 1893.

NEW WESTMINSTER, B. C.

HIRD THE TAILOR, LIBRARY BUILDING.

—II—

Members of the Society are entitled to free entries and admission to the grounds.

The price of membership ticket is \$3, and may be obtained on application to the Secretary.

The entrance fee must in all cases, except those of members, be forwarded with the entry. No entry will be accepted unless this is done. Fees should be sent by money order or in bills in registered letter. Postage stamps are not desirable.

Articles of work or specimens which have been awarded prizes at any previous exhibition of this Association cannot be entered in competition for the prizes named in the prize list for this year.

Exhibitors will please take notice that it is absolutely required that the entries be made on or before the date mentioned, in order to afford sufficient time to examine the entry papers, to forward the entry tickets and to correspond with parties when necessary, and for the correction of errors and omissions.

In the Horses, Cattle, Sheep, Pig, and Poultry Classes, the entry must in every instance be made in the name of the bona-fide owner, and unless this rule be observed, no premium will be awarded, or if awarded, will be withheld. If any person shall exhibit any animal or bird, of which he is not the bona-fide owner, he will forfeit any premium which may be awarded him.

In all the other classes entries must be made in the names of the producers or manufacturers only, and by such producers themselves in person or their agents, who must have special authority for doing so, and shall produce the authority in writing if so required by the Judges. Those who are not manufacturers or authorized agents may exhibit, but cannot compete for the prizes offered. If any person, other than the authorized agent shall enter an article for competition, as produced or manufactured by himself, when it has not really been so, he shall forfeit any premium which may be awarded the article.

A merchant who sells a line of goods which are also sold by other merchants cannot be considered as the agent for such goods.

No person will be allowed to enter for competition more than one specimen in any one class of a Division, unless the additional article be of a distinct named variety or pattern from the first. This rule not to apply to animals, but to all kinds of grain, vegetable produce, fruit, manufactured articles, etc., to which each additional specimen would necessarily be precisely similar to the first.

EXTRA ENTRIES.

Every article must be entered under some one of the headings in the regular list when possible, but if any article is of a distinct character from anything specified in the list, it may be entered in the class with which it most nearly corresponds.

On the entry of each animal or article a card will be furnished the exhibitor specifying the class, the Division, the number of the entry, and the name of the exhibitor and residence, which card must remain attached to the animal or article during the exhibition.

In all cases the right is reserved to reject entirely or accept conditionally any entry or application, and under no circumstances will articles which are offensive by reason of their odour or appearance, or which are dangerous by reason of their explosive character, be admitted; and if any such be introduced by an exhibitor through misapprehension or otherwise, they may be removed by order of the Board of Directors.

MISSION VALLEY MEAT MARKET. Dealers in Fresh and Salt Meats. Hotels, etc., supplied, Columbia St., New Westminster.

Except in special cases, where extra advantages for advertising purposes have been applied for.

On and after Friday, 22nd September, exhibitors, their agents and workmen, will be admitted to the grounds and buildings for the purpose of making preparatory structures or getting the machinery and implements into position. These structures must be completed by 6 p. m. on Monday, the 25th September.

All exhibits must be delivered on the grounds and placed in position by 12 noon on Tuesday, 26th September.

As it is fully intended to have the exhibition opened to the public at the time named, exhibitors are specially notified that articles or animals arriving after the above dates will not be allowed to compete. Exhibitors of machinery and other heavy articles are expected to have them on the grounds and placed in position the day preceding the opening of the exhibition.

All boxes, wrappings and other packing material must be cleared away and everything in proper order before 12 noon on Tuesday, 26th September.

Exhibitors must see to it that their articles are properly unpacked and delivered to the superintendent of the department to which they belong, or his authorized agent. Exhibitors must provide for the delivery of their articles upon the Exhibition grounds. The Association can not, in any case, make provision for their transportation or be sub-

—15—

ject to any expense therefor, either on their delivery at, or return from, the ground. All expense connected therewith must be provided for by the exhibitors, and all express and cartage charges must have been prepaid.

Articles not accompanied by their owners may be addressed to the Secretary, who will receive them on their being delivered on the grounds, if all cartage and other charges on the same have been prepaid.

Exhibitors on arriving with their articles, will apply at the office of the Secretary, when they will be informed where the articles are to be placed.

Exhibitors will at all times give the necessary personal attention to whatever they have on exhibition, and at the close take entire charge of the same.

Exhibitors of animals, machinery in motion, and other exhibits liable to occasion accidents, injury or damage to persons coming in contact with them, shall guard their exhibits and protect the public from coming in contact therewith, and every such exhibitor shall indemnify the Association from and against all claims and demands, costs, charges and expense which it may incur, suffer or be put to by reason of any accident, or of any person being injured or suffering damage through, or by reason of, any such exhibit not being properly guarded, or the public not being properly protected therefrom.

Articles placed on exhibition must not be removed until the close.

Every facility will be afforded for the transaction of business by taking orders, but no delivery of articles sold can be made on the premises during the Exhibition.

The Association will take reasonable precaution to ensure the safety of articles sent to the Exhibition, but the owners themselves must take the risk of exhibiting them, and should any article be accidentally injured, lost or stolen, the Association will give all the assistance in their power toward the recovery of the same, but will not make any payment for the value thereof.

At the close of the Exhibition exhibitors must remove their exhibits as early as possible. Any article or stand left in the buildings or grounds after this time will be at the risk of the owner.

Horses must be shown uncovered, and in such a manner as Judges may require or allow and if exhibitors refuse to submit to the proper requirements of the Judges, their animals will be ruled out, but exhibitors will have the privilege of showing their animals in harness, to bridle or under saddle, as they may prefer.

All animals competing for prizes must be brought out for the inspection of the judges or for exhibition whenever called out by the official appointed to attend to that duty.

Exhibitors who desire to take their animals home at night will be allowed to do so on depositing \$5 with the Secretary as a guarantee for the return of the animal next morning. If the animal is not returned by 9 o'clock next morning, the amount deposited will be forfeited to the Association.

Exhibitors can ascertain from the superintendents of the several departments when the Judges may be expected to examine their animals or articles. No complaint or appeal based upon the statement that the Judges have overlooked animals or articles will therefore be considered by the Directors.

Send for Free Catalogue.

E. HUTCHERSON,

Ladner's Landing, B. C.

HIRD THE TAILOR, LIBRARY BUILDING.

—17—

Any exhibitor lodging a protest must make it in writing and it must be delivered to the Secretary or his assistant within three hours of the cause of protest; it must state plainly the cause of complaint or appeal and must be accompanied by a deposit of \$2, which sum shall be forfeited to the Association if the said protest is not sustained. The Board of Directors, however, earnestly hope that exhibitors will not enter protests without the strongest grounds for so doing, as much unpleasantness and annoyance is often occasioned by protests of a frivolous nature.

No animal or article exhibited shall have about it any prize colors or cards until the awards have been made in their respective classes.

No person shall be permitted in the horse or cattle rings during the time of judging, except the Judges, the grooms, or persons in charge of the animals, and members of the press.

All prize cards which have been affixed by the Judges must be displayed during the Exhibition. Any infraction of this rule will incur the forfeiture of any premium awarded.

Any person who shall attempt to interfere with or influence the Judges while in the discharge of their duties, or who shall at any time on the premises of the Association use any contemptuous or abusive language to any Judge in consequence of any award made by him, shall forfeit his right to any premiums to which he might otherwise be entitled, and shall be excluded from exhibiting for one year thereafter. Judges are particularly requested to immediately report any breach of this rule.

Upon the discovery of any fraud, deception or dishonest practice, either in the preparation, ownership, or of any representation concerning any animal or article exhibited, which may have affected, or have been intended to affect, the decision of the Judges, the Board of Directors have power to withhold the payment of any prize awarded, and may prohibit any such party or parties from exhibiting for one or more years, and may also publish the names of such parties or not, as may be deemed most expedient.

LIVE STOCK.

All stall doors must be left open so that visitors can inspect the live stock, between the hours of 9 a. m. and 4 p. m., and at such other times as the officers may find it desirable.

Exhibitors of thoroughbred stock must hand in the pedigrees to the Judges when examining the stock.

Good buildings are provided upon the grounds for live stock. Bedding and water will be furnished for horses, cattle, sheep and pigs without charge from the opening till the close of the Exhibition, so that the stock may be taken to the grounds immediately on their arrival. Hay and grain for cattle, horses, sheep and pigs will be for sale on the grounds at lowest prices. Exhibitors will please report at once if unreasonable prices are exacted.

The production of any animals in the horse ring may be ordered by either of the Committees on Live Stock, for review or other purposes, at any time during the Exhibition; and any attendant or exhibitor refusing to bring such animal into the ring when so required, shall forfeit his entrance fees and any premiums which have been awarded him.

MEDALS.

Medals will be awarded in lieu of money prizes when desired by exhibitors, subject to the approval of the Board of Directors. The value of the medals are as follows: Gold medal, \$40; silver medal, \$15; bronze medal, \$7.50

RAILWAYS AND STEAMBOATS.

Favorable arrangements will be made with all the Railway and Steamboat Companies for the conveyance of passengers and articles to and from the Exhibition at greatly reduced rates.

Live stock and all other exhibits sent as freight or by express will be returned free, on the freight having been prepaid one way, that is, to New Westminster.

All articles sent by express will be delivered on the grounds without extra charges by the Express Companies.

PAYMENT OF PRIZES.

The Treasurer will be prepared to commence paying the premiums at his office on the grounds, for all classes exhibits, on Saturday, at 10 a. m.

Parties who may have prizes awarded to them are particularly requested to apply for them before leaving New Westminster, or leave a written order with some person to receive them, stating the articles for which prizes are claimed.

In case there should not be sufficient funds to pay the prize list in full, prizes will be paid pro rata.

Persons entitled to premiums must apply for them at the Secretary's office, who will give orders on the Treasurer for the amount. These orders must be endorsed, as they will be payable to order, not to bearer, and on presentation to the Treasurer properly endorsed, will be paid either in cash or by cheque on the bank.

Orders for premiums not applied for as above will be given by the Secretary, and the amount forwarded by the Treasurer, after the close of the Exhibition, to the address given on the entry forms.

All persons to whom a prize is awarded, and who do not receive the same as above, must apply to the Secretary of the Association for payment thereof, in writing, on or before 31st October, in the year in which such prize is awarded, or such prize will be forfeited.

JUDGES AND JUDGING.

The Judges will be appointed by the Board of Directors previous to the Exhibition, and will receive a circular informing them of the fact, and when to report at the office on the grounds.

No person will be allowed to act as a Judge who is in any way interested in the articles to be examined.

It is particularly requested that the Judges will not enter into argument with exhibitors as to the merits of their exhibits.

It is desired that all Judges of each class go together to hand in their report, instead of sending it by one of their number, and to remain together until their book has been examined by the Secretary or his assistants, in order that cases of error or doubt may be more easily and promptly made right.

—21—

Judges will please sign and hand in their awards to the Secretary or his assistant as soon as possible, and make their more extended reports afterwards, making such recommendations as circumstances or their experience may suggest.

The Judges are particularly requested not to leave the grounds until they have ascertained from the Secretary that there are no protests against the awards in the class that they have judged.

In the absence of competition in any section, the Judges will award only such premiums as they think the articles deserving of. They will exercise their discretion as to whether they will award the first, second or any premium. In no case are premiums to be awarded unless exhibit is worthy.

It does not follow that because a prize is offered for any particular animal or article that it must be awarded, unless there is a proper competition, or unless the exhibit is really of sufficient merit to warrant the award being made. The JUDGES ARE PARTICULARLY REQUESTED TO NOTE THIS FACT.

In addition to the stated premiums offered for animals or articles in the list, the Judges may also distinguish such animals or articles as they consider deserving of notice, but which have not received prizes, by tickets with the words "Highly Commended" upon them. These tickets will not entitle the holder to any money payment.

In awarding prizes for breeding cattle, sheep or pigs, Judges are especially instructed not to take into consideration their present value to the butcher, but to decide according to their relative merits for the purpose of breeding.

The ages of all live stock will be computed from the 1st of January of the year of birth.

In judging blooded stock, regard will be had to the purity of breed established by pedigree, size, form, action and general characteristics of the various breeds, making proper allowance for age.

No animal will be allowed to enter or compete in more than one class, or section, except for the medal for the best of any age in its class, and in Special Prizes and Herds.

Each award must be written in a plain, careful manner, on the blank page opposite the number of the entry, with the name of the exhibitor. See clauses 2 and 3, page 29.

The Judges are expected, in the execution of their duties, to be careful to act with the most rigid impartiality, and make their entries in a clear and conspicuous manner; in all cases of doubt or difficulty referring freely to the Secretary or to the Committee of the Association in charge of the department.

For further information see instructions under entries.

MISCELLANEOUS.

If any person, through ignorance of regulations, shall bring things to the Exhibition without having entered them at the proper time, the same may, in the discretion of the Superintendent in charge of several departments, be allowed to be brought upon the grounds, and so placed that they may be examined by the public, but shall not be classified, nor shall any official examination of them be made or premiums awarded.

Where space has been awarded to any exhibitor, the Board of Directors reserve the right, in case any exhibitor shall fail to make or maintain a creditable display, to declare the space allotted to him, or

—23—

any portion thereof, forfeited. Exhibitors must arrange their exhibits in as neat and attractive a manner as possible, and neatly fit up the space allotted to them, in default of which the Directors may cancel their entries and require the removal of the goods.

Instructions have been given by the Directors that no bills will be recognized by the Society unless incurred by order of the Secretary. The parties will please pay particular attention to this fact.

The Board of Directors reserve the right to prescribe the dimensions and regulate the position of all signs, and generally to direct the management of articles on exhibition, so far as the same may be necessary to secure harmony and an attractive appearance. Exhibitors will not be allowed to distribute about the grounds or buildings hand-bills or other advertisements that may cause a nuisance. Neat cards for that purpose are recommended, as they are more likely to be kept by visitors and not thrown on the ground.

No exhibitor or attendant will be allowed to make unseemly noises, that may be considered a nuisance, in calling the attention of visitors to his exhibits; and any exhibitor or attendant that may be guilty of distributing any advertising cards or other notices that may be considered immoral or objectionable by the Board of Directors, shall forfeit his space and all other privileges, and shall be removed from the Exhibition ground.

The parties supplying refreshments at the restaurants must lay in their supply before 9 o'clock, a. m. each day, unless under special unavoidable circumstances, when permission must be obtained from the Secretary.

If any person wilfully injures or destroys any property within the Exhibition grounds of the Association, or hinders or obstructs the officers or servants of the Association, or any policeman or constable duly appointed, in the execution of his duty, or gains admission to the rules of the Association, he shall be prosecuted according to law.

No award of a prize not offered in the list will be paid unless sanctioned by the Board of Directors of the Association.

The officers of the Association have the power to enforce these rules and to prohibit and prevent all kinds of gambling: to regulate or prevent the huckstering or trafficking in fruits, goods, wares or merchandise, on the Exhibition grounds; and any person who, after due notice of such rules, violates the same, shall be liable to be removed by the officers, policeman or constables of the said Association, and be subject to the penalties.

FIRE AND POLICE PROTECTION.

The most careful and thorough arrangements possible have been made to guard against fire. A telephone attachment will be had with the fire hall; and with the precaution taken of having watchmen on during the whole night, the danger of the occurrence of fire is very remote; but exhibitors desiring insurance must give it their personal attention.

An ample police force, detailed for the purpose by the city, will be on duty night and day during the continuance of the Exhibition. But exhibitors are expected to exercise constant supervision over their articles on exhibition, as the Association will not be responsible for loss or damage by theft, fire or otherwise. Small and valuable articles should be exhibited in show cases, which may be securely locked when desirable.

INQUIRIES

as to the Exhibition and its arrangements before the opening should be addressed to the Secretary at New Westminster. During the exhibition enquiries may be made at the Association offices on the grounds.

INFORMATION FOR VISITORS.

Visitors may be assured of finding on the grounds everything necessary to the convenience of old or young during the entire day. Ample restaurants and lunch rooms will serve meals and refreshments during hours of Exhibition, at reasonable rates. The city authorities will co-operate with the officers of the Association in every practicable manner to ensure the safety and contribute to the pleasure of the visitors.

The formal opening will take place at 9 a. m. on Wednesday, 27th September, at which time many distinguished persons have been invited to be present.

A large number of special attractions, in addition to the regular exhibition, of which full particulars will be subsequently given, will be provided for the enjoyment of visitors.

Several bands of music will be present every afternoon and evening.

ADMISSION TO THE GROUNDS.

The price of admission will be 25 cents each time of entering. Admission will be by means of registering turnstiles, and each person must be provided with the proper ticket before entering.

GATE KEEPERS AND TICKET SELLERS.

Turnstiles have been provided which will register every entrance to the grounds. In no case will any individual be allowed to pass through without first having deposited his ticket. Gate keepers will have to account to the Society according to the registration of these turnstiles. Separate gates will be provided through which all officers of the Association and others provided with passes will be admitted. Imperative instructions are given to the gate keeper that he will not recognize any authority but the pass issued by the Secretary bearing the presenter's name and address in full.

Tickets will be sold for 25 cents. Every individual entering the grounds will have to pay 25 cents each time of entering. Membership tickets will, of course, entitle the party whose name appears upon them to admission, but not through the turnstiles.

It is undesirable that parties with teams or single buggies should be admitted to the grounds, but in order that no disputes may arise on this point, the arrangement has been made by which the following charge will be made: For single horse and buggy, 50 cents for driver and vehicle; for team, \$1.00 for driver and vehicle. In the cases of both of these, all other occupants will be charged the usual entrance fee of 25 cents.

Gate keepers will be instructed to be on the grounds not later than 8:30 a. m. each day, and will remain upon the grounds until permission to leave is granted by the Secretary.

KAMLOOPS.

THE ROYAL AGRICULTURAL AND INDUSTRIAL SOCIETY OF B. C.

BRITISH COLUMBIA.

The Pacific Coast Province of the Dominion of Canada has an area of over 330,000 square miles. The principal industries are lumbering, salmon fishing, salmon canning and drying, coal, silver, and gold mining.

Halibut fishing also forms an important branch of the trade, and is yearly increasing.

Cattle raising in the interior is carried on extensively, and vast tracts of land are used for this purpose exclusively, returning a large revenue.

The provincial output of lumber has reached an average of over one hundred millions of feet per annum.

The output of coal is over 1,500,000 tons per annum.

Nearly \$100,000,000 of gold has been exported since the year 1858.

The exportation of salmon, halibut, and other fish, has reached an average of over \$1,000,000 per annum, exclusively of the Provincial markets, and the carload shipments to eastern markets, of the fresh fish, has become a most important branch of the trade.

Until the last five years of its brief history, covering a period of less than half a century, British Columbia has been known to the world only for its great lumber products, its famous brands of preserved salmon, its gold mines, and its stupenduous mountains. From the year 1860, the year in which the Royal Agricultural and Industrial Society was formed, dates the career of this young Province as a producer of agricultural products, fruits, and the staple varieties from which the market gardiner reaps profitable returns for labor and money expended on the land.

It is true that in the year 1875 the B. C. Agricultural Association was formed; at that time the greater part of the agricultural, as well as the commercial interests of the Province, were centered in Victoria. The capital had been removed from Westminster there, and the Provincial fairs were invariably held in the new capital. In the meantime the rapid increase of the population of the rich townships on the Mainland, the settlement and clearing for agriculture, fruit growing and stock raising purposes of the valley of the Fraser River, from the Delta to Yale, together with the inconvenience of Victoria as a centre, were causes which gradually

led to the formation, by the ranchers and residents of the Mainland, of the young society, with headquarters in the City of Westminster, the natural center and distributing point of the land products, not only of the District of Westminster, but also of the Province generally.

A meeting was held in the old City Hall, in the fall of 1890, representative of the entire Mainland membership of of the pioneer society. A resolution to form a new society was recorded without a negative voice, and the present institution was, after much discussion, finally decided upon. Every agriculturist present, including a number of Vancouver Island men, became members, and the first exhibition of the Royal Agricultural and Industrial Society was held in the Royal City with results far above the anticipations of the most sanguine promoters.

Since then the membership has steadily increased, the benefits of the Society to the farming interests of the Mainland being apparent to every rancher, and the advantages of the easy facilities of communication with the port of Westminster, from nearly every farm along the course of the Fraser by steamer, and from the interior ranges by rail, have finally established the city as the permanent distributing point of the premiums of the Society, and the headquarters of the agrarian interests of the Mainland of British Columbia.

Immediately surrounding this port are the pioneer municipal divisions of British Columbia. The Delta, with a population of over 4,000, bounded by the Gulf of Georgia, the Fraser River and the Township line of Surrey, with 120,000 square miles of land, nearly all of which is capable of the highest cultivation. Its specialties are hay, fruit, oats, wheat, and all kinds of roots, and dairy products. The oats of this district being especially in demand all over the Dominion for rolling and grinding purposes. The Delta holds the distinction of possessing one of the most extensive fruit farms in the Province.

It is besides the chief salmon packing point on the greatest salmon river in the world.

Surrey has an area of 120 square miles, and a population of about 2,500.

It has a large population, and many improved farms, nearly half of which is prairie.

The Great Northern Railway runs through the District from the International Boundary to the City of Westminster, and an hourly service of steam ferry connects with the Surrey and Railway traffic and Brownsville and South Westminster.

—31—

Surrey is a famous oat producing township, holding the top record of production at 140 bushels to the acre.

The soil is especially adopted for fruit raising, and has produced a great yield of root crops. It is intersected by two navigable streams, the Serpentine and the Nickomekl Rivers.

Surrey is bounded by the Fraser River, Semiahamo Bay, the Delta line, the Langley line and the International Boundary.

A channel survey of the Fraser has been made, with a view to protect the banks from the washing away by the swift currents of the river.

The Mud Bay canal will open another outlet for produce from the rich lands verging on the Delta.

It would be difficult to select a better opening for settlement than that afforded in the uncleared lands of the municipality of Surrey.

Chilliwack has an area of 180 square miles, and contains a population of about 7,500. Lying 50 miles distant from the port of Westminster, it is the nearest district to the coast in which gold is found in the sand bars of the Fraser. This district contains undeveloped silver ledges and coal seams, limestone quarries and good brick clay, and is a famous locality for various kinds of game. This district produces some of the best samples of grain in the Province, and is famous for its fine production of fruit, roots and improved stock, and has the advantage of water and railway communication.

Langley covers an area of 100 square miles, and has a population of 3,000.

It enjoys the distinction of being the oldest settled municipality on the Mainland, and one of the oldest forts of the Hudsons Bay Co. in the Province. The soil is rich, and produces all kinds of grain and fruit grown in the Province, being especially adapted for apples and roots and, like most of the Fraser districts, abounds in large and small game. It has easy communication with the port of Westminster by way of the Fraser River and Great Northern Railway.

Richmond is most advantageously situated between the cities of Westminster and Vancouver, and the Fraser River, and with its inexhaustably rich lowlands, and its famous facilities for marketing produce, is destined to become the Holland of America. Large tracts of its richest alluvial lands have been reclaimed within the last four years, and what was then under water is now in fine garden order, and is especially adapted for meadow lands. When the contracts now work-

ing are completed a grand trunk road will connect this port with farthest settlements of Richmond District.

Maple Ridge has an area of 50,000 acres, and a population of nearly 3,000. It has a frontage of nearly 20 miles on the Fraser River, and its western boundary, the eastern line of Coquitlam, is about 17 miles from this port. It has the Fraser on one side and the Canadian Pacific Railway through its centre, and nearly every point of settlement in the district has a daily mail. It is drained by the Little Lillooet River, is well stocked with valuable timber, and contains some of the richest grain and meadow lands in the Province. The completion of the Pitt Meadow dyking works will open to agriculture a large tract of most valuable land.

Coquitlam has a population of about 150, and is a young and enterprising municipality; it has been gazetted about two years, and is making creditable progress in the matter of opening up its broad area for settlement. Its southern boundary is the Fraser River, and its further confines are the city lines of Westminster, the lines of Burnaby, Port Moody and Maple Ridge.

It is drained by the Coquitlam River, which is navigable several miles from its mouth, and is one of the finest trout streams in the Province.

Its settlements have easy communication with this city by mail and water, and with the seaboard at Vancouver by the C. P. R. The Coquitlam Dyking Commission are engaged in an important work of reclaiming a large portion of its rich meadows, which will be settled by farmers in the near future.

In the centre of the district lies the source of the water supply of the Royal City, claimed to be the purest water in the Province, which is forced by immense natural pressure through eighteen miles of what has proved to be the most efficient water system in the Province.

Burnaby District is destined, perhaps, to become one of the most important corporations in British Columbia, situated as it is directly between the twin cities of Vancouver and Westminster, and although one of the latest municipal divisions has already a population of over 400. The old roads are being improved, and new ones cleared and graded. Through the western portion of the district runs a most efficient system of electric railroad, connecting the cities by little over 30 minutes' time.

The B. I. & F. V. line, a continuation of the Northern Pacific railway system, now under construction, crosses the

LUMBER.

central part of the township, between the Fraser Valley and Burrard Inlet, and taps the timbered section.

The vast advantages of the suburban situation to the corporation are already manifest; and as the cities prosper and spread, the lands of Burnaby will become proportionately valuable, not only for farming and gardening purposes, but as desirable residence lands for business men of the cities.

North and South Vancouver and Dewdney Municipalities are the youngest division of B. C. North and South Vancouver are suburban districts of the Terminal City and, with it, are striding ahead with sturdy steps, as difficult to impede as the tides of Seymour Narrows, and with the advantages of their position with regard to markets at home and abroad, will naturally become important sections of the coast country.

Dewdney has yet to be heard from, as the baby municipal divisions of the coast lands of the crown. She has the mighty Fraser for a roadway to the sea, and is less than 40 miles from the port of Westminster, and since her declaration of municipal independence is making heroic efforts at settlement.

It is a fact, becoming every year more apparent from actual experiment, that British Columbia is especially adopted for hop culture, which is born out also by the report of Prof. Sharp of the Agassiz experimental farm.

The officers, directors and members of the Agriculture Society, with the true interests of their new country deeply at heart, have earned, without laying claim to it, the undisputable reputation of having made the organization a beneficial institution, and a marked success, and have been the means of infusing a healthy spirit of friendly emulation in agriculture in all its various branches, as well as in Provincial manufactures and arts, into the constituents of the Society and the community at large, which has already yielded a hundred fold in the fruits of beneficial results.

The City of Westminster is the natural distributing center of the coast divisions of British Columbia, and is in touch with all the agrarian interests of the Province.

It was, therefore, a wise move on the part of the pioneers of the Society, to sink all sectional sentiment, and for the common good to locate the Royal City as their permanent headquarters, and the point of Provincial exposition.

It was a result of common accord that ample and commodious buildings were erected in the largest and most happily situated park in British Columbia. Additions to building and yard conveniences have since become necessary

and have been made with the liberality which has, from its inception, been characteristic of the Society. and of the people of Westminster in their dealing with it.

Westminster, with its healthy situation, its splendid water supply system, electric lighting, which compares favorably with any on the continent, its position as the point of intersection of the three great transcontinental railroads, the Canadian Pacific, the Northern Pacific and the Great Northern railways, with a near prospect of a railway and general traffic bridge over the Fraser River, the easy facilities of communication by water from end to end of the most fertile parts of the country, is most advantageously located as the hub of industry, and the centre of agricultural business. Added to its other advantages Westminster has a safe and rapid hourly communication with Vancouver, the future metropolis of the North Pacific Coast, and the commercial port and forwarding point for the trade of the Orient and the Australias. There are still further important advantages of Westminster harbor. Fresh water removes barnacles from ships, enabling them to make the best time. The tide does not inconvenience ships from loading. The teredo does not spoil wharves, and there is little wear and tear on them, and the city owns the water front, the water and lighting systems, and the ferrying trade of the Fraser. She controls also the affairs of the public market. Among her institutions are a handsome public library building, well furnished and equipped by extensive purchases and numerous donations. Large parks and recreation grounds, the largest and most attractive lacrosse field in British Columbia, and last, but by no means least, one of the finest bands west of the city of Toronto.

The Society hope to make the Fair of September, 1893, a greater success than they have heretofore attained, and the executive officers are working like heroes to mark this year in the annals of the Society as the opening of a new and progressive era in its history.

Their efforts certainly deserve to be rewarded by success. While paying a grateful tribute to the invaluable services of the late Secretary, Mr. T. R. Pearson, in the past, it is only fair to say that this important and responsible office is being ably filled by Mr. A. B. MacKenzie, the present Secretary, who is most ably assisted by the officers and directors for 1892.

It is the intention of the celebration committee, now fully organized, to offer a considerable sum of money, in prizes, to be competed for during the three days of the Exhibition.

The programme, which will shortly be issued, will contain a complete list of events, and the respective committees.

THE CULTIVATOR

1893

AND

COUNTRY ÷ GENTLEMAN.

THE BEST OF THE Agricultural Weeklies

DEVOTED TO

**Farm Crops and Processes,
Horticulture & Fruit-Growing,
Live-Stock and Dairying,**

While it also includes all minor departments of Rural interest, such as the Poultry Yard, Entomology, Bee-Keeping, Greenhouse and Grapery, Veterinary Replies, Farm Questions and Answers, Fireside Reading, Domestic Economy, and a summary of the News of the Week. Its MARKET REPORTS are unusually complete, and much attention is paid to the Prospects of the Crops, as throwing light upon one of the most important of all questions—*When to Buy and when to Sell*. It is liberally Illustrated, and by RECENT ENLARGEMENT, contains more reading matter than ever before.

The Subscription Price is \$2.50 per year, but we offer a SPECIAL REDUCTION in our

CLUB RATES.

Two Subscriptions (in one remittance)		\$4.00
Six Subscriptions, do. do.		10.00
Twelve Subscriptions do. do.		18.00

 SPECIMEN COPIES FREE. Address
